Christmas stormtrooper is great as a Christmas ornament, a key chain accessory or a Christmas present for a Star Wars lover.

NOTE: Image is it printed at 150% scale

If you want to use a 0.4mm nozzle you will need to increase the size to maybe about 150% to get the detail. A 0.25mm nozzle will bring out the detail at 100% scale. I have added the gcode for an ornament I'm making at 150% scale for a 0.4mm nozzle.

NOTE: with the new Prusaslicer update (2.5.0) the model should slice better and more accurately

Feel free to add a comment with any questions.
