Summary

Prints without supports

[Household](#) > [Pets](#)

Tags: [dock](#) [turtle](#) [topper](#) [platform](#) [basking](#)

Printing instructions

Print the model on its side as shown in the photos (so that it can be printed without supports).

If printing in PLA, use 6-7 walls and around 6-10 bottom/top layers so that there is minimal warping when the platform is exposed to the basking lights.

Enable fuzzy skin for better grip.

Other

The .blend file is included for you to make any modifications you want.
