updated 6. 8. 2024 | published 6. 8. 2024

### Summary

I didn't want to use the original 3D printed plate, so I constructed a wooden plate mount.

I didn't want to use the original 3D printed plate, so I constructed a wooden plate mount.

You need:  
4x M5 heat inserts

### This remix is based on

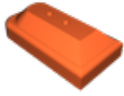

#### Minimalist Heat Insert Press
