Summary

Lets you mount your Home Assistant Yellow in the Blinkinlabs' 19cm rack.

[Hobby & Makers](#) > [Electronics](#)

This is a front plate or a mount for the Home Assistant Yellow for the Blinkinlabs **19cm Mini Server Rack**.

It uses the two front screws from the bottom of the Yellow.

The hole to the right is for the cables if you decided to route them to the back. There's a cable tie point right behind it.

After you print it, it only feels flimsy without the HA mounted. Screw it in and the whole thing stiffens up.
