Summary

This is a puzzle of Rocky Mountain National Park that I made on Fusion 360.

[Toys & Games](#) > [Puzzles & Brain-teasers](#)

This is a puzzle of Rocky Mountain National Park that I made on Fusion 360. I really like 3d puzzles because they're challenging and it's cool that you can 3d print them.

If you want a tutorial on how to create your own puzzle of a place anywhere in the world than watch this video:

Print Settings:

Resolution: 0.2mm

Supports: no

Rafts: no

Infill: 15-20%

Make sure to print the pictures to help you with the puzzle.

I hope you enjoy!

If the pieces don't fit than comment if the pieces are not close enough or too close and if they are I will make a new puzzle that has them closer or farther away from each other.
