### Summary

It is a lid for my filament sample box

[3D Printers](#) > [Accessories](#)

Tags: [prusa](#) [display](#) [box](#) [lid](#) [filament](#) [sample](#) [swatch](#)  
[bambulab](#)

I designed a lid for my **filament swatch box** to make it easier to transport. This way, you don't have to worry about anything falling out when it's tilted, and it also keeps the contents protected from dust.

### This remix is based on

**Spinning filament swatch box (with 608zz bearing)**
