Summary

Its a ikea skadis mount for my swatch box

[3D Printers](#) > [Accessories](#)

Tags: [organizer](#) [wall](#) [ikea](#) [mount](#) [swatch](#) [skadis](#)
[swatches](#) [bambulab](#)

This is a ikea skadis mount for my [Spinning filament swatch box](#) . This is the easy version, because you only need 3d print parts.

You only have to put the parts together and it's done.

If you want the more professional version with insert nuts then you can download it [here](#).

This remix is based on

Spinning filament swatch box (with 608zz bearing)
