

Remix of stephzie's Sovol SV08 Bambu Lab Nozzle Adapter with Heat Inserts

 rickkollins

[VIEW IN BROWSER](#)

updated 6. 8. 2024 | published 6. 8. 2024

Summary

This adapter uses 4 M3 Heat Inserts for mounting the nozzle and onto the Toolhead

[3D Printers](#) > [Other Printer Parts & Upgrades](#)

I printed this in ABS with 4 walls and 40% gyroid infill

Required: 4 x M3 x H4 Heat Inserts, 4 x M3 x 20 Bolts

This remix is based on
