Summary

I liked the Juice cheek rest design and changed it up to be a bit smaller and support free.

[Sports & Outdoor](#) > [Outdoor Sports](#)

I liked the Juice cheek rest design and changed it up to be a bit smaller and support free. I printed mine with 10 walls of PA-CF but other materials are probably fine. The CF gives it a nice texture.

Hardware list from original:

1x **80mm long, M10x1.5mm Thread, Socket Head Screw** (fully threaded)

1x **M10x1.5mm Hex Nut**

2x **M5 Hex Socket Head Cap bolts**(length of anywhere from 20-30mm)

2x **M5x8mmx7mm Heat Set Threaded Inserts**
