Summary

A simple holder for the spen for fold meant to be glued via double adhesive tape to the back of a solid fold case.

Tags: [fold](#) [spen](#)

Galaxy spen (for fold) holder to be glued via double sided tape on the back of a hard phone case.

First layer is at 0.1mm so this is the maximum layer height I recommend for printing.

The picture above has the holder printed at 0.05 layer height with a 0.25mm nozzle.
