A Minimalist Skeletonized Dagger. The Finger whole is the average male ring size of 20mm diameter.

Scale model as needed using your ring size in the chart below.

Ring Size (US)	Diameter (mm)	Scale Factor
5	15.7	0.785 or 78.5%
6	16.5	0.825 or 82.5%
7	17.3	0.865 or 86.5%
8	18.1	0.905 or 90.5%
9	18.9	0.945 or 94.5%
10	19.8	0.99 or 99%
11	20.6	1.03 or 103%
12	21.4	1.07 or 107%
13	22.2	1.11 or 111%

Ring Size (US)	Diameter (mm)	Scale Factor
14	23.0	1.15 or 115%

A user by the name of "PrintLapse" made a quick video printing the Skeletonized Dagger that also shows off the printed dagger better than my single printed image, So i will Link his video below to help everyone get a better view of the model.

If there are any knife designs or other tools or cosplay props you would like to see, please message me an image and i will design it.
